4. INDIVIDUAL PLAYER POINTS VALUE

4.1. Determining Player Points Value

- (A) Any Player who participates in a Competition to which this Policy applies must be assigned a Player Points Value in accordance with this Policy.
- (B) The determination of a Player Points Value takes into account that Player's playing history and achievements and is structured in a way to promote Player development, loyalty, and retention.

- (C) Table 3 establishes the key steps to determining a Player Points Value.

Table 3 – Method of Determining a Player Points Value

Step	Requirement	Policy Reference
1	Determine the Player Category and Base Value	Clause 4.2 and Table 4
2	Determine if any Additions apply	Clause 4.3 and Table 6
3	Determine if any Deductions apply	

- (D) The Player Points Value for any Player playing for a Team in a Match under a Permit is to be assessed as if the Player is a Transferred Player.
- (E) A playing coach or playing assistant coach is, for the purpose of this Policy, classified as a Player.

4.2. Player Categories and Base Value

- (A) Except for an Existing Player, a Player Category and Base Value is to be
- (i) Determined by reference to [Table 4](#); and
 - (ii) Based on the date the Player last registered at the current Club as a new Player or as a Transferred Player.
- (B) For an Existing Player:
- (i) The Player Category (and Base Value) determined under the relevant former Policy continues to apply; and
 - (ii) A Club may not request a reassessment of the Player Category already determined under the relevant former Policy.

[Guidance Example: If an Existing Player was previously assessed in 2021 or earlier as Senior Community Player (3 point player), but would be considered a Premium Competition Player (4 point player) under this Policy, the Player will still be categorised as a Senior Community Player with a base value of 3 points.]

- (C) Where a Player qualifies in more than one Player Category, the Player Category with the highest points will apply, except where a Player is assessed as a Category 1 Player.
- (D) Where a Player does not meet any of the Player Categories, the Club will need to apply, via the League, for a determination by the League Equalisation Panel of the appropriate Player Points Value.
- (E) In determining the Player Points Value under Clause 4.2(D), the League Equalisation Panel will have regard to all relevant factors so as not to unreasonably restrict the Player's movement.
